**This questionnaire is for completion by the study young person.**

**In answering these questions you will be helping more than 15 scientific experts from 7 universities across 3 different countries, who all contributed to putting this questionnaire together. In the future, the data you provide will be available to countless researchers across the world and will help in answering important questions on human development, health and disease.**

Please remember that your answers to all these questions are confidential and will be processed using a unique ID number. All your personal details will be removed and no researcher will be able to link your answers back to you.

Some questions may seem very similar to each other; this is because the combination of answers gives a clearer picture than one single answer.

There may be questions that seem a bit strange and are not applicable to you because they are concerned with specific feelings or problems. We would be very grateful if you would try to answer all the questions but we understand if there are questions that you either prefer not to answer or are unable to answer.

If you do not wish to complete the questionnaire please tick the below box and return to Children of the 90s in the envelope provided, as this will stop any reminders.
